

The Delaney Planning Committee
Unofficial Minutes
October 27, 2020

Members in attendance:

Cathy Walker, Fran Gilman, Grace Larson, Tracee Rupe

Also: Don Preuss for part of it

Meeting Called to order at 5:40 PM.

The September minutes were reviewed. Fran made a motion to approve, Tracee seconded, they passed unanimously.

There was a discussion about placement of the porta-potty – Hilary Solomon had attended a Select Board meeting and Fran reports that the PMNRCD is amenable to moving the proposed porta-potty placement further from the pavilion and out of the lake view, as well as confirming that most swales will be grass, just rock in front of the boat launch.

There was a brief discussion about signs – more discussion will follow later, re: orientation, placement, cost, etc.

There followed a discussion of the Budget for the Pavilion. In line with last year, it was agreed that asking for \$8,000 from the town would be appropriate, particularly since construction materials have become much pricier lately, and finishing construction on the Pavilion next year as soon as possible is a priority. We also want to be able to allocate funds for constructing a sidewalk and getting good signs for both the lakeside and the woods. Cathy motions to ask the Select Board for \$8,000 for the current budget, Grace seconds, all vote yes.

Tracee motions to adjourn, Cathy seconds, meeting adjourned 6:36pm.
