

MINUTES OF PLANNING COMMISSION MEETING

April 24, 2019

Present: Commission Members: William Chmielewski, Carole Duquette, Cherry Hopson, Sharon Corey, Janice Jones, Eleanor Jones

Meeting was called to order by Chairman William Chmielewski at 7:02 PM.

Minutes of the March 27, 2019, meeting were read and approved. Motion by Sharon. 2nd by Eleanor. Passed unanimously. Some earlier unapproved minutes were tabled because the membership has changed and some of those present at those meetings are no longer members and can't vote on minutes. Therefore, a majority vote is not possible. William will find out how to deal with that situation.

Copies of the Town Plan were made available to new members.

William updated the commission on the MHG Solar project. It appears that the permitting process is underway.

Carole discussed some issues with quarries in other towns.

There were no audience comments because there was no audience present.

The May 22 meeting will be held only if needed. The next meeting will be scheduled by the chair when circumstances require a meeting.

Cherry made a motion to adjourn at 7:20 PM. 2nd by William. Passed unanimously.
